You're in  
Safe Hands!

## Person Centered Home Care & Support Services

Safe Hands Homecare is a support service brought to you by a small, local employee owned company. Our aim is to provide a quality, affordable service to assist you or a loved one to live independently.

Our company was founded and is run by people who are receivers of care support and who are care providers for own family members. Our staff have first hand experience of how quality, person-centered, *human* services should be delivered.

To us, your care is personal!

***Our uniformed staff are DBS checked and accredited certification trained in Dementia Awareness, Moving & Handling & Food Hygiene***
